Solomon, the author of my text, have known everything that was going on. From my text I am sure he must, in disguise, some day have walked into a buyer and a seller. The merchant put a price on the coat, and the customer began to dicker and said: "Absurd! that coat is not worth what you ask for it. Why, just look at the on the collar! Besides that, it does not fit. Twenty dollars for that? Why, it isn't worth more than ten. They have a better article than that, and for cheaper price, down at Cloathem, Fitem & Brothers. Besides that, I don't want it at any price. Good morning. 'Hold," says the merchant; "don't go off in that way. I want to sell you that coat. I have some payments to make and I want the money. Come now, how much will you give for that coat?" "Well," says the customer, "I will split the difference. You asked twenty dollars, and I said ten. Now, I will give you fifteen." "Well," says the merchant, "it's a great sacrifice; but take it at that price." Then Solomon saw the customer with a roll under his arm start and go out and enter his own place of business, and Solomon, in disguise, followed him. He heard the customer as he unrolled

MEN'S WORD AS GOOD AS THEIR BOND. There are no higher styles of men in all the world than those now at the head of merchandise in Brooklyn and New York and in the other great cities of this continent. Their casual promise is as good as a bond with piles of collaterals. Their reputation for integrity is as well established as that of Petrarch residing in the family of Cardinal Colonna, and when there was great disturbance in the family the cardinal called all his people together, and put them under oath to tell the truth, except Petrarch, for when he away his book and said: "As to you, Petrarch, your word is sufficient. Never since the world stood have here been so many merchants whose transactions can stand the test of the Ten Commandments. Such bargain makers are all the more to be honored because they have withstood year after year temptations which have flung many of flat and flung them so hard they an never recover themselves. While all positions in life have powerful besetments to evil, there are specilic forms of allurement which are peculiar to each occupation and profession, and it will be useful to speak

of the peculiar temptations of business First, as in the scene of the text, usiness men are often tempted to sacifice plain truth, the seller by exaggerating the value of goods, and the buyer by depreciating them. We cannot but admire an expert salesman. See how he first induces the customer into a mood favorable to the proper consideration of the value of the goods. He shows himself to be an honest and frank salesman. How carefully the lights are arranged till they fall just

ight upon the fabric! Beginning with goods of medium quality, he gradually advances toward those of more thorough make and of more attractive pattern. How he watches the moods and whims of his customer! With what perfect calmness he takes the order and bows the purchaser from his presence, who goes away having made up his mind that he has bought the goods at a price which will allow him a living margin when he again sells them. The goods were worth what the salesman said they were, and were sold at a price which will not make it necessary for the house to fail every ten years in order to fix up things.

SOME INIQUITOUS STRATAGEMS. we think of the iniquitous stratagems by which goods are sometimes disposed of. A glance at the morning papers shows the arrival at one of our hotels inland cities. He is a comparative time and money, and it will pay to be very attentive. The evening is spent at a place of doubtful amusement. Who acted the part of neglect or trickery will, each for himself, receive a condemnation.

Unlawful dividends are not clean Then they go back to the hotel. Havsame mercantile establishment drops in, and usage and generosity suggest that they must drink. Business prospects are talked over, and the stranger is warned against certain dilapidated mercantile establishments that are about to fail, and for such kindness and magnanimity of caution against the dishonesty of other business houses, of course, it is expected they will-and

so they do-they take a drink. Other merchants lodging in adjoining rooms find it hard to sleep for the clatter of decanters, and the coarse carousal of these "hail fellows well met" waxes louder. But they sit not all adage, that corporations have no souls, night at the wine cup. They must see is misleading. Every corporation has the sights. They stagger forth with cheeks flushed and eyes bloodshot.

DON'T POSTPONE ENJOYMENT. The outer gates of hell open to let in the victims. The wings of lost souls flit among the lights, and the steps of the carousers sound with the rumbling thunders of the damned. Farewell to all the sanctities of home! Could mother, sister, father, slumbering in the inland home, in some vision of that night catch a glimpse of the ruin wrought they would rend out their hair by the roots and bite the tongue

till the blood spurted, shrieking out: "God save him!" A CURSE GATHERING FOR THOSE MEN. What, suppose you, will come upon such business establishments? and there are hundreds of them in the cities. They may boast of fabulous sales, and they may have an unprecedented run of buyers, and the name of the house may be a tereor to all rivals, and from this thrifty root there may spring up branch houses in other cities, and all the partners of the firm may move into their mansions and drive their full blooded span, and the families may sweep the street with the

ever wove or earthly magnificence ever achieved. But a curse is gathering somewhere for those men, and if it does not seize hold of the pillars and in one wild ruin bring down the temple of commercial glory, it will break up their peace, and they will tremble with sickness and bloat with dissipations, and, pushed to the precipice of this life, they will try to hold back

gold to take it along with them, but

it will be snatched from their grasp, and a voice will sound through their soul, "Not a farthing, thou beggared spirit!" And the judgment will come and they will stand aghast before it, and all the business iniquities of a lifetime will gather around them, saying, "Do you remember this?" and, "Do you remember that?" commercial ethics. AVOID THE FIRST BUSINESS DISHONOR. Young business man, avoid the first business dishonor, and you will avoid all the rest. The captain of a vessel was walking near the mouth of a river when the tide was low, and there was a long, stout anchor chain, into one of the great links of which his foot slipped, and it began to swell and he could not withdraw it. The tide began to rise. The chain could not be surgeon was called to amputate the limb, but before the work could be done the tide rolled over the victim and his life was gone.

And I have to tell you, young man, that just one wrong into which you slip may be a link of a long chain of circumstances from which you cannot be extricated by any ingenuity of your own or any help from others, and the tides will roll over you as they have over many. When Pompey, the warrior, wanted to take possession of a city, and they would not open the gates, he persuaded them to admit a sick soldier. But the sick soldier after a while got well and strong, and he threw open the gates and let the devastating army come in. One wrong admitted into the soul may gain in strength until, after a while, it flings open all the avenues of the immoral nature, and the surrender is complete. Again, business men are sometimes tempted to throw off personal responsi-

Again, business men are often tempted to let their calling interfere with the interests of the soul. Her New Bonnet Was Aftre.

A few persons on West Twenty-third street yesterday saw a peculiar and rather distressing accident happen to a new spring bonnet that was passing down the street on the head of a tall, slender blonde. It was a very wonderful hat, with a lace top and lace bows and some little lace ends that poised themselves on the crown like the wings of a butterfly. The owner was walking calmly along thinking, perhaps, how uncommonly well she was looking, when a gentleman who was passing her turned suddenly and gave one startled look at the head gear, then with one snatch tore the light thing from her head and trampled it underneath his feet. A light smoke and a little blue flame curled up from it as it lay there and the gentleman pointed significantly to it as he "Your bonnet was on fire, mad-

Evidently it had been. "I was just passing at your side," explained the gentleman, "when I saw what appeared to be smoke coming from the top of your head. I looked again and saw a red spark in the black lace, then I snatched it off."

Now, there is nothing in the nature of a bit of black lace to induce spontaneous combustion, and the only possi ble explanation of so peculiar an occurrence is that a chance spark from the cigar of a passerby had blown into the light stuff and ignited it.—New York Evening Sun.

DRUNKENNESS—LIQUOR HABIT.—In all the world there is but one cure, Dr. Haines' Golden Specific. It can be given in a cup of tea or coffee without the knowledge of the person taking it, effecting a speedy and permanent care, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been cured who have taken the Golden Specific in their coffee without their knowledge, and to-day believe they quit drinking of their own free will. No harmful effect results from its administration. Cures guaranteed. Send for circular and full particulars. Address in confidence, Golden Specific Co., 185 Race Street, Cincinnate, O.
